For Immediate Release:

(Madison, WI - 830 AM) The Libertarian Party Wisconsin announced on Monday they will be hosting the 2017 Libertarian Party of Wisconsin State Convention & Liberty Retreat at Treehaven Retreat Center in Tomahawk, WI from April 21-23. The event will feature two Keynote speakers including Joseph Daniels, Chair of the Economics Department at Marquette University, and Nicholas Sarwark, Chair of the Libertarian National Committee. The weekend's event will feature workshops on economics, elections, media relations, and much more.

"We broke records this last election season, and we're breaking new ground with this convention," says Phil Anderson, Acting Chair of LPWI. "Our convention committee has put together a fantastic event, with nationally respected speakers, and inspiring activities. It will be a fantastic chance for libertarians of Wisconsin to continue their growth!"

The event will feature many candidates, hot off of the 2016 political campaign trail, talking about their experiences and what lessons were learned. Workshops are strategically designed to advance the libertarian cause of freedom in Wisconsin and to help those who want to run for office, start an affiliate, or support candidates in the 2018 elections.

State Convention Chair, Nate Gall of Hayward, sees the weekend as one of high value. "This is our first full retreat event and we have worked hard to pack the event. The future of the party is very bright and we are excited to see what momentum comes from the weekend."

The annual LPWI Business meeting will be held Saturday morning of the event and feature new elections of the Executive Committee. If you're looking to get your foot in the door at the state level of the party, nominations will be open to all LPWI members in good standing.

The venue at Treehaven Retreat Center features cozy onsite retreat housing with private rooms, a fully catered dining hall, and outstanding meeting accommodations. Treehaven is known to be "one of the nation's finest examples of sustainable forest management by a private landowner." Surrounded by 1,400 acres of forest and wetland, you'll have access to scenic hiking trails during your stay.

Tickets may be bought by visiting LPWI.ORG.
