**[Madison, Wisconsin]:** Pat Goss, Executive Director of the Wisconsin Transportation Builders Association, released the following statement in reaction to a legislative proposal to put the I-94 East-West corridor project back on track.

“We greatly appreciate the leadership and efforts of Senator Alberta Darling and Representatives Sanfelippo and Kooyenga for introducing legislation that makes this vital corridor a priority. The East-West road was constructed in the 1960s and is approaching the end of its useful life.

“On behalf of WTBA and its members, we look forward to supporting this legislation as it begins to go through the legislative process.”
