Assembly Approves Rep. Macco's Partners with Business Bill

Madison...Last night the Wisconsin Assembly passed Assembly Bill 821 Partners with Business. Representative John Macco (R-Ledgeview) released the following statement:

“I am thrilled the Wisconsin Assembly voted to unanimously pass my Partners with Business bill.” said Rep. Macco “The Partners with Business model provides job coaching by training a current internal employee to provide support for folks with disabilities as opposed to an external job coach. This model is not only fiscally responsible but it provides for better support for employees with developmental disabilities.”

This bill will expand the current model used in Dane county statewide. Nationally 80% of people with disabilities have reported wanting to work or work more hours yet only 20% actually work.

“I have been working on disability advocacy issues since I took office, our goal is to help folks with disabilities Work More, Earn More, Save More and be able to Spend More.” Continued Rep. Macco
