## Wisconsin Building Trades Endorse Judge Lisa Neubauer

The Wisconsin Building Trades Council by a unanimous vote of its executive board endorsed Judge Lisa Neubauer for the Wisconsin Supreme Court.

The Council represents 15 construction unions and 40,000 Wisconsin construction workers.

“Construction workers want a Supreme Court that is unbiased and not beholden to a few wealthy contributors” said Council President Dave Branson. “Judge Neubauer during her many years on the Court of Appeals has shown the integrity and intellect to serve on the Supreme Court.”

“The interests of construction workers should receive the same consideration as a few billionaires,” Branson added.
