Senator Kapenga Announces the Completion of the 2019 Senate Scholar Program by Waukesha West High School Student Daniel Harmon

Madison, WI — Senator Kapenga announced today that Daniel Harmon successfully completed the 2019 Senate Scholar Program. High school juniors and seniors from around the State of Wisconsin participated in a week-long, intensive program at the State Capitol.

While in the program, Daniel was introduced to many facets of the legislative process. He met with legislative support agencies, legislative staff, the Governor's staff, a Supreme Court Justice, the media, lobbyists and University of Wisconsin-Madison faculty members. Daniel then put his knowledge into action. When the Senate was on the floor, he staffed the session under the direction of the Senate Sergeant at Arms' office. This week's events culminated in a Senate Scholar committee hearing on a bill that Daniel helped draft.

For more information on the Senate Scholar Program, contact Senator Kapenga at Sen.Kapenga@legis.wi.gov or at (608) 266-9174.
