**EVERS' PROPOSED WISCONSIN CAPITAL BUDGET A RESPONSIBLE
APPROACH FOR MOVING WISCONSIN FORWARD**

A statement from WIIN:

(MADISON, Wis.) – Responsibly putting people to work has always been a priority for Wisconsin Infrastructure Investment Now (WIIN) and Governor Evers' Capital Budget does just that. This is a real opportunity for legislative leaders on both sides of the aisle to come together and invest in our university system, our infrastructure and badly needed improvements in our communities. The \$2.5 billion budget is a reasonable approach to building new structures and renovating others across the entire state and we encourage bi-partisan support in the legislature.

Tens of thousands of Wisconsin construction workers and their employers will benefit from this capital budget along with the communities who will see these badly needed renovations.

-30-

WIIN – Advocating for responsible investment in Wisconsin's transportation, energy, mining and other infrastructure projects that create long-term strength for Wisconsin's economy and working families
