FOR IMMEDIATE RELEASE

March 11, 2020

Rep. Joan Ballweg
(608) 266-8077

GOP Weekly Radio Address: A Bipartisan Session in the Assembly

Madison... Representative Joan Ballweg (R- Markesan) highlights how the Assembly worked in a bipartisan fashion during the 2019-2020 legislative session.

I'm State Representative Joan Ballweg. Looking back at this session, I'm proud of all of the bipartisan bills that we passed in the Assembly. Over the biennium, the Assembly passed 371 bills, 94 percent with bipartisan support.

The 2019-20 session brought many important bills that keep Wisconsin moving forward in the right direction. We do have divided government, but despite the media narrative that we are not getting anything done in government, Wisconsin is showing the nation that we are effective and efficient.

Our budget was done on time and within the budget. It supported a record increase in school funding, funding for mental health services and record investment in our transportation. Our record of working together for all Wisconsin citizens is bipartisan and successful.
