Pro-Life Groups Rally Behind Julian Bradley

[Franklin, Wisconsin] – With today’s announcement by Pro-Life Wisconsin, republican Julian Bradley has emerged as the only candidate in the August 11th primary in the 28th Senate District to earn the full endorsement of both Pro-Life Wisconsin and Wisconsin Right to Life.

“It’s an honor to receive these endorsements. It was the Pro-Life issue that brought me to the Republican Party nearly two decades ago. I’m running for office because Wisconsin needs a fighter and a champion for those innocent lives that lack a voice at our State Capitol. I hope voters in the 28th Senate District will support me in the primary because I will be an authentic voice for the voiceless.”

Wisconsin Right to Life and Pro-Life Wisconsin join a growing list of conservative endorsements for Julian Bradley that also include the Wisconsin Young Republicans, former U.S. Senate candidate Leah Vukmir, and former Governor Scott Walker.
