Madison, WI- Sen-Elect Mary Felzkowski (R-Tomahawk) reacted to her committee assignments for the 2021-22 Session:

“I am excited to serve as Chair of the Committee on Insurance, Licensing, and Forestry for the coming 2021-22 Legislative Session. I am most eager to get to work on behalf of our timber industry, which is a pillar of the Northwoods and the 12th Senate District.

In Wisconsin, we are blessed with 17 million acres of forestlands that enable us to have a robust timber and paper products industry that nets over \$31 billion in output each year. Forestry provides over 100,000 family supporting jobs across the state and is the top employer in seven counties in the north. Statistics and dollars aside, Wisconsin’s timber producers, loggers, and paper mills all serve as responsible stewards of our natural resources and sustainably manage our forests to preserve this invaluable asset.

I look forward to partnering with our timber industry as Committee Chair.

I will also be serving as a member of the Committee on Government Operations, Legal Review, and Consumer Protections, the Committee on Natural Resources and Energy, and the Committee on Joint Finance. ”
