## THEDACARE EXTENDS COVID-19 TESTING SERVICES *Providing Access to Testing in Northeast and Central Wisconsin*

NEENAH, Wis. – ThedaCare is releasing information about additional testing sites and dates to ensure access to COVID-19 testing in Northeast and Central Wisconsin. Testing will be coordinated through mobile testing units, and the site at ThedaCare Physicians-Neenah.

To best manage community spread of COVID-19, testing and contact tracing are critical. Testing gives health systems insight to the breadth and depth of those infected in our communities, and help us better understand the spread of the virus.

The schedule is as follows:

<p><b>March 15</b></p> <ul style="list-style-type: none"> <li>• ThedaCare Physicians-Neenah <ul style="list-style-type: none"> <li>○ 333 North Green Bay Road, Neenah, WI 54956</li> <li>○ 10:00 a.m.-4:00 p.m.</li> </ul> </li> <li>• Chilton High School Community Testing <ul style="list-style-type: none"> <li>○ 530 W. The drive-through testing is free and is available to all community members experiencing symptoms, those who believe they may have been exposed to someone with COVID-19 and anyone who is worried about possibly having the virus. Though appointments are not required, they are recommended; individuals can pre-register online at [doineedacovid19test.com](https://doineedacovid19test.com) or register onsite. You do not need to be a ThedaCare patient to receive a test. Those seeking testing do not need to be a resident of the community where these testing sites are located. Individuals under 18 years old must have a parent or legal guardian present to consent to testing. Results will be given online, or through a phone call if necessary.

For those unsure about their symptoms and want more information about whether or not they should seek testing, they can access the ThedaCare online symptom checker at [ThedaCareCovid19.org](https://www.thedacare.org/covid19). After completing a brief questionnaire about their symptoms, individuals will be given more information about next steps to take, including how to schedule a test. The site also includes information about COVID-19, testing, online care options and other important news and updates.
