Freedom Wisconsin PAC formed to support Rebecca Kleefisch for Governor

With Wisconsin in desperate need of new leadership, Freedom Wisconsin PAC launches today to serve as the leading independent expenditure committee helping to elect Rebecca Kleefisch and state Republicans.

“Rebecca is the proven conservative fighter that Wisconsin needs as its next Governor,” said Stephan Thompson, the group’s Executive Director. “Tony Evers has failed as a leader, giving in to left wing special interest demands time and again. Rebecca Kleefisch is the only Republican with the track record and backbone ready to take back the Governor’s Office.”
