Dane County was the highest-ranking county for corn for grain production with 26.3 million bushels produced. Grant, Rock, Lafayette, and Dodge rounded out the top five. One other county had production of more than 20 million bushels and that sixth county was Columbia.

Lafayette led all counties with an average yield of 210.9 bushels per acre. Grant (208.3), Dodge (199.5), Green (196.7), and Fond du Lac (194.5) counties rounded out the top five. Four other counties surpassed the 190 bushel mark in 2021, which included Rock, Dane, Columbia, and Dunn.

Yields are derived from production divided by area harvested. Only published estimates were considered in rankings of counties.

Corn for Grain Yield – Wisconsin: 2021

State Average: 180.0 Bushels per Acre

Corn, Area Planted for All Purposes, Area Harvested for Grain, Yield, and Production – Wisconsin by County: 2020-2021
