In 2021, Dane County led all Wisconsin counties in total corn silage production with 1,068,000 tons, according to the USDA's National Agricultural Statistics Service. Fond du Lac (1,053,000), Manitowoc (970,000), Dodge (748,000), and Brown (731,000) rounded out the top five highest-producing counties.

Green Lake County had the highest yield with an average of 25 tons per acre harvested. The next highest yields were in Pierce County (24.5) and Jackson County (24). Six counties had a yield of 23.5 tons per acre.

Yields are derived from production divided by area harvested. Only published estimates were considered in rankings of counties.

Corn for Silage Yield – Wisconsin: 2021

State Average: 21.5 Tons per Acre

Corn, Area Harvested for Silage, Yield, and Production – Wisconsin by County: 2020-2021
