## **RACHAEL CABRAL-GUEVARA ANNOUNCES CAMPAIGN FOR 19TH SENATE DISTRICT**

Small Business Owner and State Representative Launches Bid for State Senate

[Fox Crossing, WI] - Today, State Representative Rachael Cabral-Guevara (AD-55) announced her campaign to run for Wisconsin State Senate.

"Today, I'm proud to launch my campaign to continue representing the Fox Valley, this time in the State Senate," said Cabral-Guevara. "Senator Roth was a bold leader, and I thank him for his service to this district and state."

Representative Cabral-Guevara is a small business owner and Advanced Practice Nurse Practitioner, committed to lowering healthcare costs for people across the state. She is also a mom of four kids and currently lives in Fox Crossing.

"From securing more money for our technical colleges to expanding the Alzheimer's Family and Caregiver Support Program, it has been an honor to serve in the State Assembly and make sure our values are reflected down in Madison. However, there is still so much more work to be done."

Rachael has been a staunch conservative while also working across the aisle to find common ground on common-sense issues. This includes voting to end endless shutdowns, supporting over \$4 billion in tax cuts, and working to expand outdoor recreation.

"As the only candidate so far in this race who has a record to run on, I am hopeful I can continue counting on the support of folks from all walks of life. I am running to represent you, and I will hold true to my promise: I want you to come to me with the issues facing your family. If you have ideas on how we can make our community a better place, please reach out. I am here to work for you. Let's move forward, together!"
