"I believe my most important job is being there when you need help."

Over the past few months, discussion across the United States about Secretaries of State has taken a center stage as the integrity of our elections has been unfaithfully questioned by partisan actors. Keeping that in mind, Doug La Follette has been pondering his political future as the longest serving Secretary of State in Wisconsin history. Doug will be making an announcement about his plans for the 2022 election cycle this Thursday at 11AM, in the Capitol Rotunda in front of the Fighting Bob La Follette bust.
