## **DEAN MARTIN NEUBERT ANNOUNCES CAMPAIGN FOR 6TH AD**

Small Business Owner Launches Bid for State Assembly

[ELLINGTON, WI] Dean Martin Neubert has officially announced his campaign for the 6th Assembly District and the completion of the collection of his nomination signatures to be on the ballot. His focus is on life, safe neighborhoods, parental choice in education, election reforms, and keeping taxes in check for Wisconsin families.

Dean Martin Neubert is a father, coach, and small business owner. “Conservative values and common sense solutions is not just a tagline, it’s who the people of district 6 are. It’s how Northeast Wisconsin works and it’s who I am. I want to share my values and serve my community.” said Neubert. “As a small business owner, coach, and father, I want to take my real life experience to Madison to ensure Wisconsin has a brighter future. I started a business from scratch and have advised others in the field on how to launch a company. I know first-hand the challenges of building a successful business and how the government can either hinder or assist in job development.”

Dean lives in the town of Ellington and is a father of three, He’s a part of the Knights of Columbus, and the President of Neubert LLC/A-1 Professional Supply, a distributor/dealer of maintenance & janitorial products to many types of businesses and the public. In addition, Neubert has been coaching basketball for 4 years and baseball/softball for 8 years. He has also served on the Mackville Nationals Tractor Pull board along with being a former school board member at St. Edwards, Mackville. Dean is entering the race to replace the retiring State Rep. Gary Tauchen (R-Bonduel) who announced in 2021 that he would not seek reelection to the 6th Assembly District.

Dean is the first candidate in the 6th assembly race to successfully submit the required signatures to be on the ballot. “I tackled the nomination forms like I have taken on any challenge that comes before me. Head down, common sense & hard work are keys to every aspect of my life and will be exactly the attitude I will bring with me to Madison”
