Adam Steen Marches in The 156th Annual Rochester Memorial Day Parade & Ceremony

Sturtevant, WI — On May 31, 2022, Wisconsin's 63rd Assembly District Candidate, Adam Steen, released the following statement regarding his participation in the 156th Annual Rochester Memorial Day Parade & Ceremony:

Candidate Adam made the following statement:

After a bit of initial controversy, I was grateful the dedicated, hard-working, volunteer Rochester parade organizers allowed me to march in the May 30th, 2022 156th Annual Rochester Memorial Day Parade.

It was far more important to me to show my respect and support for the brave men and women who died fighting for our country than it was to promote my campaign through the displaying of "Steen" banners or the wearing of political clothing. I appreciated the opportunity to keep the focus on those we were honoring as we marched; afterall, we owe EVERYTHING to the brave men and women that laid down their lives on the battlefield so that we may live FREE. On Memorial Day we marched. Tomorrow, more importantly, I will honor them with the way I carry out the responsibilities of representing their descendants in the 63rd Assembly District.

Please note, campaign t-shirts were fully covered by a white shirt while marching in the parade.
