

Democratic Party of Wisconsin CD 2022 Resolutions

For consideration at the DPW Convention on June 26, 2022 in LaCrosse and cyberspace

This packet contains resolutions submitted to the DPW Platform and Resolutions (DPW P&R) Committee by the Congressional Districts (CDs). In a few cases very similar resolutions were combined into a substitute and all involved CDs were given credit. In one case, two versions of a resolution are presented, with the intent that interested members participate in the “virtual meeting space” to be held between June 15 and 17, 2022 to discuss combination of the two. Otherwise, any edits made were to conform resolutions to a common format and correct spelling, grammar, and punctuation errors. The committee asks that some resolutions be separated for debate, and sometimes also asks that some resolutions not be adopted (such a recommendation is listed as “No action” – no 2022 resolutions are listed as “No action”). Unless otherwise noted, the current committee recommendation is to adopt the resolutions. “Party Governance” resolutions do not directly affect the Platform but regard the functioning of the DPW. Final recommendations will be made by the P&R committee in the final packet to be distributed by June 20, 2022. Resolutions are considered active for four years after adoption and the 2022 adopted resolutions will be used to advise the DPW Platform drafts in 2024 and 2026.

Please see the adopted convention rules for a full description of the amendment process for the resolutions and Platform at the 2022 hybrid convention.
