# ROGER ROTH READY TO LEAD

Conservative Republican Roger Roth has worked for his family's construction business since he was a teenager, later assuming the responsibility of managing all aspects of its operations.

After graduating from college, Roger served our nation in the Wisconsin Air National Guard with multiple deployments to the Middle East. Today, Roger continues to serve in the Air National Guard, holding the rank of Captain.

As a State Senator, Roger was a vocal leader in the fight for election integrity, to expand educational opportunities for parents and students, and creating safe, prosperous communities.

**Roger is now running Lieutenant Governor to get Wisconsin back on track and continue delivering results for our families.**
