PRESS RELEASE

CANDIDATE THOMSEN CALLS FOR CLEAN CAMPAIGN

[Fox Crossing] - Andrew Thomsen, candidate for State Senate District 19, issued the following statement in response to recent comments from his primary opponent:

"When I embarked on this campaign, I envisioned a clean campaign where merits and ideas would carry the day. Recently, comments have been made by my opponent and my supporters that have strayed from this clean campaign. I am calling on everyone in the primary campaign, candidates and supporters alike, to refrain from making personal attacks and to run a clean campaign. The truth and ideas should carry the day, not lies and attacks. I ask that my opponent join my call and apologize and make amends publicly for her recent comments, as she promised she would. I want a Republican Party that is strong and united when we go forward to the November election, so we can win and keep State Senate District 19 as a Republican seat."
