TO: Representative John Macco
Room 208 North, State Capitol

FROM: Al Runde, Program Supervisor

SUBJECT: Local Government Funding Proposal and Distribution

As requested this memorandum provides a summary of a proposal to increase funding to local governments and to repeal the remaining local personal property tax.

Transfer of State Sales and Use Tax Revenues

Beginning in 2024-25, and each fiscal year thereafter, the proposal would transfer 20% of the state's sales and use tax revenue to a newly-established non-lapsible, segregated fund designated as the local government aid fund. The amount transferred would be based on the general fund sales and use tax amount, as specified for that fiscal year under the general fund summary schedule in s. 20.005(1) in the biennial budget act. The Department of Administration (DOA) Secretary would be required to transfer: (a) 15% of the required annual amount of sales and use tax revenues to the local government aid fund on second Monday in July of each year; and (b) 85% of the required annual amount of sales and use tax revenues to the local government aid fund on second Monday in November of each year. Based on current estimates, the amount to be transferred would equal an estimated \$1,556.0 million in 2024-25.

In each fiscal year thereafter, the DOA Secretary would transfer to the local government aid fund the amount transferred the prior year, plus an amount equal to the annual percentage change in state sales and use taxes as specified in the s. 20.005(1) of the budget act for that year over the amounts in that budget act schedule for previous year multiplied by the total amount of the following: (a) the amount of funding provided the utility aid sum sufficient appropriation in the prior year; and (b) the amount provided the county and municipal aid funding in the prior year, including the per capita deficiency aid and 10% police, paid fire, emergency medical services, an highway payments created under the bill.

From the amount transferred each year associated with percentage change in state sales and use tax revenue, the DOA Secretary would first fully-fund the sum sufficient utility aid

appropriation. Any remaining amounts associated with change in annual funding would be apportioned equally among the county and municipal aid program, including the per capita deficiency aid and the 10% police, paid fire, emergency medical services, and highway aid payment created under the bill.

The proposal would specify that any uncommitted funding remaining in the balance of the local government aid fund in excess of 0.1% of total revenues transferred to the fund in that year, as well as all interest earnings, would be transferred to the general fund on June 30, of each year.

Programs to be Funded from the SEG Local Government Aid Fund

The proposal would convert existing GPR programs and appropriation to SEG appropriations funded from the local government aid fund. The appropriations converted would include the existing county and municipal aid, computer aid, utility aid, exempt personal property aid, expenditure restraint program, and the video service provider fee aid payment. The total amount of GPR appropriations converted to SEG would be \$1,040.7 million, while of the remaining \$515.3 million (1,556.0 million - \$1,040.7 million), \$474.4 million would be used to fund the following programs: (a) \$197.5 million associated with a new per capita deficiency aid payments to local governments; (b) \$95.1 million associated with a new 10% police, paid fire, emergency services, and highway aid program; (c) \$173.8 million to fund the payments to local taxing jurisdiction to hold them harmless associated with the repeal of the personal property taxes, effective January, 1, 2024, assessments; and (d) a transfer of \$8.0 million to the transportation fund associated with the exempting the personal property of railroads from the state taxation. In addition, \$39.7 million in existing county and municipal aid currently funded from the police and fire fund would instead be funded from the local government aid fund.

In addition, the proposal would delete the SEG appropriation from the police and fire protection fund that is currently used to fund a portion of the county and municipal aid program. In 2024-25, it is estimated that \$39.7 million SEG from the police and fire protection fund would be used to offset the GPR costs of the county and municipal aid program. The repeal of the existing GPR and SEG appropriations would take effect on January 1, 2024.

Finally, the proposal would repeal the current law requirement that \$5.0 million in medical assistance (MA) funding currently funded with \$2.0 million GPR and \$3.0 million FED be used to supplement annual medical care transportation services. This would reduce GPR funding by \$2.0 million, while federal MA funding would remain available to local governments for other purposes.

Personal Property Tax Repeal

The proposal would repeal the personal property tax on items currently subject to the personal property tax, effective with January 1, 2023, property assessments. Some existing personal property would be converted to real property and would remain subject to taxes on real property. Beginning in 2025, an annual aid payment would be created for local governments (municipalities, counties, school districts, technical colleges, and tax increment financing and special purpose districts) equal to the amounts each government type would have levied in 2023(24), based on January 1, 2023, assessed values. The annual payments to each individual taxing jurisdiction would remain at those amounts each year thereafter. Similar to existing exempt personal property aid payments, these

payments would be made on or before the first Monday in May (2024-25).

The proposal would exempt the personal property of rail carriers under Chapter 76 of the statutes from property taxation. These Chapter 76 taxes on the personal property of rail companies are estimated at \$8.0 million annually, and are currently deposited to the transportation fund. To offset the loss in revenue to the transportation fund associated with this exemption, beginning in 2024-25, the proposal would transfer \$8.0 million each year from the local government aid fund to the transportation fund. The personal property of other entities taxed under Chapter 76 would remain subject to taxation.

County and Municipal Aid Program Changes

The proposal would continue the current payment distribution for the \$753.1 million in funding provided to the county and municipal aid program through calendar year 2024 (2024-25). However, only \$747.1 million would be distributed after \$6.0 million in current law statutory offsets, of which \$713.4 million is expected to be paid from GPR. Effective January 1, 2024, the proposal would also delete the current law provision that requires that each year counties and municipalities receive the same county and municipal aid payment that was received in 2012.

The proposal would create two new components to the county and municipal aid program: (a) a per capita deficiency aid payment; and (b) an aid payment for local police, paid fire, emergency medical service, and highway costs.

Per Capita Deficiency Aid Payment. In addition to the \$753.1 million in existing county and municipal aid, the proposal would create a per capita deficiency aid payment that would establish a minimum per capita amount for three separate groups: towns; villages and cities combined; and counties. The Department of Revenue (DOR) would be required to annually establish a minimum per capita amount for each of group of local governments in order to fully distribute the amount of per capita deficiency aid available in that year.

Beginning with calendar year 2024 payments, payable by the state in 2024-25, the per capita deficiency aid amount for each local government type would be as follows:

- (a) \$65.0 million for the towns;
- (b) \$75.0 million for the combined village and city group; and
- (c) \$57.5 million for the counties.

Police, Paid Fire, and Emergency Medical Responders and Highway Aid Payment. The proposal would also create an additional county and municipal aid payment that would equal 10.0% of the total amount received by each municipality or county from the current law aid program as well as the new "per capita deficiency" aid payment. The payments could only be used for hiring, training, and retaining the following positions, using the current law definitions of these positions: (a) law enforcement officers; (b) members of the paid fire departments; and (c) emergency medical responders. These aid payments could also be used for local highways.

For the distribution in 2024, and subsequent years, if in any year a county or municipality decreases the amount of its budget dedicated to hiring, training, and retaining law enforcement

officers, members of paid fire departments, or emergency medical responders so that the amount is less than the amount so dedicated in the previous year, the DOA Secretary would be required to reduce the county's or municipality's payment 10.0% aid payment. The reduction would equal the amount of the decrease in the county's or municipality's budget dedicated to hiring, training, and retaining these positions. The reduction would not apply to a county or municipality that: (a) transfers responsibility for providing law enforcement, fire protection, or emergency medical response to another local unit of government; or (b) enters into a cooperative agreement to share law enforcement, fire protection, or emergency medical response responsibilities with another local unit of government.

Future Funding Growth. Assuming positive growth in state sales tax revenues, the proposal would annually increase funding for utility aid and county and municipal aid, including the per capita deficiency aid component, and the aid payment for local police, paid fire, emergency medical service, and highway costs component. The increased funding would be calculated as follows:

- 1) Calculate the rate of growth in state sales tax:

State Sales Tax Revenues in General Fund Summary Table in Budget Act for Current Year
State Sales Tax Revenues in General Fund Summary Table in Budget Act for Prior Year

- 2) Multiply this sales tax growth rate by the total prior year funding amount for utility aid, and county and municipal aid, including per capita deficiency aid component, and the aid payment for local police, paid fire, emergency medical service, and highway costs component;

- 3) Subtract the total prior year funding amounts for utility aid and county and municipal aid, including the per capita deficiency aid component, and the aid payment for local police, paid fire, emergency medical service, and highway costs component to determine the total amount of growth in annual funding;

- 4) From the total annual growth amount, first fully-fund the sum sufficient utility aid appropriation; and

- 5) Apportion any remaining funds to each component of county and municipal aid program in amount equal to each component's share of total county and municipal aid funding in the prior year.

Estimated Additional Aid Payments

The following table provides the distribution of aid by government type for the proposed "per capita deficiency" aid payment as well as the proposed 10.0% payment that could only be used for police, paid fire services, emergency medical responders, and local highways. These amounts were calculated using 2022 population and 2022(23) aid amounts.

TABLE 1

**Distribution of Additional Aid
Payments Under the Proposal by Government Type
(in Millions)**

	<u>Current</u>	<u>Additional Aid</u>		<u>Total</u>	<u>% Increase</u>
		<u>Per Capita Deficiency Aid</u>	<u>10% Aid Payment</u>		
Towns	\$41.8	\$65.0	\$10.7	75.7	181.1%
Villages	63.5	32.7	9.6	42.3	66.6
Cities	525.1	42.3	56.8	99.1	18.9
Counties	<u>122.7</u>	<u>57.5</u>	<u>18.0</u>	<u>75.5</u>	61.5
Total	\$753.1	\$197.5	\$95.1	\$292.6	38.9%

Based on available per capita deficiency aid funding, the estimated minimum per capita aid payment amount would be \$64.53 for towns, \$60.41 for cities and villages, and \$23.40 for counties. Changes in total state population would affect future per capita deficiency aid payments as well as the 10% aid payments. Similarly, changes in population among local units of government would have an impact on the distribution of these payments among the various government types.

The attachments to this memorandum indicates the existing county and municipal aid payments as well as the propose increase in aid for towns (Attachment 1), cities and villages (Attachment 2), and counties (Attachment 3).

Fiscal Effect

Personal Property Tax Repeal. The proposal would repeal the local personal property tax and create an aid payment equal to the amount that would have otherwise been levied in 2024(25). According of a DOR estimate of a similar proposal, using 2022(23) levies, this could result in aid payments local taxing jurisdiction totaling an estimated \$173.8 million in 2024-25, and each year thereafter. In addition, the proposal would transfer \$8.0 million from the local government aid fund to the transportation fund beginning in 2024-25, and each year thereafter.

Local Government Aid Fund. The fiscal effect of the creation of the local government aid fund would involve the annual transfer of 20% of state sales tax revenues to the local government aid fund, currently estimated at \$1,556.0 million in 2024-25. This amount would be offset by the reduction in GPR funding associated with conversion of existing program funding from GPR to the SEG local government aid fund. The following tables provide information on the fiscal effect of the proposal. Table 2 indicates the estimated impact on GPR and SEG funds in 2024-25, the initial year of the proposal. Table 3 indicates the fund condition of the local government aid fund at the end of 2024-25. Table 4 provides an indication of the estimated impact of the proposal for the 2025-27 and 2027-29 biennia.

As shown, in Table 2, under the proposal, the existing use of police and fire protection fund

monies to fund county and municipal aid would be deleted, and the \$713.1 GPR appropriated in 2024-25, associated with the existing \$753.1 million county and municipal distribution would be converted to SEG funding. As shown, additional GPR-funded local aid programs would be converted to SEG as well. Finally, GPR appropriations would be reduced by \$2.0 annually associated with the state's portion of the MA funding that would no longer be needed for county and municipal aid. The loss in sales tax revenue to the general fund (shown as a GPR Transfer and SEG REV) would be an estimated \$1,556.0 million, while the net reduction in GPR spending associated with converting existing 2024-25 GPR appropriations to SEG and reduced GPR MA funding would be \$1,042.7 million. This results in a net impact to the state's general fund of \$513.3 million, which equals 20% of sales and use tax revenue transfer less the GPR expenditure reductions shown in Table 2. It should be noted that the current law offsets to GPR for existing county and municipal aid would revert back to the local government aid fund unless the proposal is modified to have these funds continue to revert back to the general fund. The county and municipal SEG police and fire protection fund appropriation would be deleted. The proposal does not indicate how this SEG funding would be expended.

TABLE 2

**Net Impact of Proposal on GPR and SEG Funds in 2024-25
(in Millions)**

	<u>2024-25</u>
Estimated 2024-25 State Sales Tax Collections	\$7,780.0
Transfer 20% of State Sales Taxes from the General Fund to the Local Government Aid Fund	1,556.0 (+GPR Transfer/ +SEG Rev)
GPR Appropriation Changes	
County and Municipal Aid (CMA) to SEG*	\$713.4 (-GPR/+SEG)
Computer Aid to SEG	98.0 (-GPR/+SEG)
Utility Aid to SEG	84.5 (-GPR/+SEG)
Existing Exempt Personal Property to SEG	75.5 (-GPR/+SEG)
Expenditure Restraint Program to SEG	59.3 (-GPR/+SEG)
Video Service Provider Fee to SEG	10.0 (-GPR/+SEG)
MA GPR Funding Reduction	<u>2.0 (-GPR)</u>
Total GPR Appropriation Changes	<u>\$1,042.7 (-GPR/+SEG)</u>
Net Impact on the General Fund Revenues (\$1,556.0-\$1,042.7 in GPR reductions)	\$513.3
Delete Existing SEG County and Municipal Aid Funding	
Police and Fire Protection Fund	-\$39.7 (-SEG)

*Includes \$6.0 million in annual statutory offsets to county and municipal aid. The amounts reduce GPR needed to fund the existing distribution.

Table 3 provides an indication of the fund condition for the local government aid fund at the end of 2024-25. As shown, the fund would have a balance of \$1.2 million at the end of 2024-25, which means that under the proposal more funding from the state sales tax is transferred into the

fund than would be needed to fund the existing and new appropriations shown.

TABLE 3
Local Government Aid Fund
Fund Condition (2024-25)
(in Millions)

Revenues to the Fund

Transfer of 20% of General Fund Sales Taxes	\$1,556.0
---	-----------

Appropriations

County and Municipal Aid	
Existing Aid	\$753.1*
Per Capita Deficiency Aid	
Towns	65.0
Villages/Cities	75.0
Counties	57.5
10% Police, Paid Fire, Emergency Services and Highways Aid	95.1
Personal Property Repeal Aid Payment	173.8
Transfer to Transportation Fund for Rail Personal Property	8.0
Computer Aid	98.0
Utility Aid	84.5
Existing Exempt Personal Property Aid	75.5
Expenditure Restraint Program	59.3
Video Service Provider Fee	10.0
Total	\$1,554.8

Net Balance	\$1.2
-------------	-------

*If specified under the proposal, GPR costs could be reduced by \$6.0 million annually associated with current law offsets to county and municipal aid distributions. Currently, under the proposal, these amounts would revert back to the local government aid fund.

I hope that this information is helpful. Please contact me if you have questions.
