Wisconsin Coalition for Education Freedom Statement on Historic Funding for School Choice

MADISON – The Wisconsin Coalition for Education Freedom issued the following statement:

“Parents across Wisconsin owe gratitude to Speaker Robin Vos and Majority Leader Devin LeMahieu. Through their leadership, Wisconsin will once again be a leader in education freedom and empowering parents.

“The agreement announced today was made possible by their focused leadership and the support of their legislative colleagues. More equally funding students ranks as one of the top achievements in Wisconsin’s pioneering school choice history.

“WCEF thanks Speaker Vos, Majority Leader LeMahieu and Governor Evers for their willingness to come to the table in good faith to fund students.”
