

FOR IMMEDIATE RELEASE

Colonel Conrad Reynolds Joins Recall Vos Campaign in Crucial Leadership Role

Union Grove, Wisconsin - February 5, 2024

The Recall Vos organization, dedicated to championing the cause of electoral integrity in Wisconsin through the removal of Speaker Robin Vos, is proud to announce a significant enhancement to our leadership structure. Retired US Army Colonel Conrad Reynolds has joined our board of directors, bringing with him a wealth of experience in election security and a steadfast commitment to upholding the democratic process. Colonel Reynolds, a distinguished former intelligence officer who maintains a top secret clearance, is the CEO of avii.org and the founder of the Arkansas Military

Veterans' Hall of Fame. With a storied career spanning 29 years in the army and experiences in over 70 countries, he is uniquely positioned to address the challenges facing Wisconsin's electoral system.

As we welcome Colonel Reynolds to our team, we also extend our heartfelt appreciation to our departing board members. Their tireless efforts have laid a solid foundation for our recall efforts against Assembly Speaker Robin Vos.

Why Colonel Reynolds is at the Forefront:

Colonel Reynolds' decision to join Recall Vos underscores the critical nature of Wisconsin's elections, not just statewide but on a national scale. "America is unparalleled, and our election processes should reflect that superiority," says Colonel Reynolds. He is actively involved in the fight for electoral integrity, as evidenced by multiple lawsuits pending in Arkansas focused on election security and integrity.

With Speaker Robin Vos' reluctance to advance election security measures, particularly his protection of WEC Director Meagan Wolfe and his hindrance of Assembly Resolution 18 (AR-18), Reynolds sees an urgent need for action. "It's imperative that we address the vulnerabilities in our electoral system to ensure every legal vote counts as intended. It will take the removal of Speaker Vos to work towards that goal," he states.

Recall Effort and Upcoming Event:

The Recall Vos organization is in the throes of a critical signature collection drive aimed at initiating a recall of Speaker Robin Vos. Our goal is to finish gathering the 8,500 signatures we wish to obtain in the coming weeks, a milestone that will send a loud message to those who block our efforts in protecting elections.

Colonel Reynolds on Election Security:

With his extensive background in election security, Colonel Reynolds emphasizes the importance of hand-marked and hand-counted ballots, rigorous scrutiny of mail-out and absentee voting practices, and the protection of vulnerable populations from exploitation. He advocates for the continued exclusion of touchscreen voting computers in Wisconsin as the primary voting method and for the implementation of hand count audits to ensure the accuracy of machine tabulation.

“Our republic demands the highest standards of security and integrity. It’s time to rally together to protect and preserve the American way of life, ensuring a future where every American can have faith in the results of each election,” Reynolds declares.

Conclusion:

The Recall Vos organization, bolstered by the addition of Colonel Conrad Reynolds, is more determined than ever to advocate for the integrity of Wisconsin's elections through the recall of Speaker Robin Vos. We stand at a pivotal moment in our state's history, calling on all who cherish our republic to join us in our signature collection drive. Together, we can ensure that Wisconsin leads the way in saving our great republic.
