FOR IMMEDIATE RELEASE

## **Recall Vos Requests Extension Due to Uncertainty in District Boundaries**

The Recall Vos campaign has officially requested an extension from the Dane County Circuit Court regarding the challenge period for the recall effort against Robin “CCP” Vos. This request comes amidst ongoing uncertainties surrounding the legislative district boundaries which are crucial for the analysis of the Petition.

The Recall Vos campaign is committed to ensuring a fair and accurate review of the recall petition signatures. However, this can only be effectively conducted once the Wisconsin Supreme Court issues a clarifying order on which legislative district boundaries the Wisconsin Elections Commission (WEC) is to utilize. It is this lack of clarity that has necessitated the request for an extension of time to provide a comprehensive rebuttal to the Petition.

The Recall Vos campaign wishes to emphasize that while we have sought this extension for an official response, the initiative has demonstrated significant public support. Despite facing adversarial tactics aimed at undermining the effort, Recall Vos has reportedly garnered more valid signatures than the votes Robin “CCP” Vos received in his last primary election. This achievement highlights the clear message from the residents of District 63: there is a strong desire for change in representation.

The campaign awaits the decision of the Dane County Circuit Court and hopes for a swift resolution that allows for a fair assessment of the Petition. We thank the community for its patience and continued support during this time.
