

FOR IMMEDIATE RELEASE

Union Grove, WI – March 28, 2024

Our Journey Forward with a Renewed and Unified Focus

Dear Supporters and Friends of the effort to recall Robin ‘CCP’ Vos,

In our quest for genuine representation in Racine County, unity and resolve drive us. Our effort to recall Robin ‘CCP’ Vos highlights our community’s demand for meaningful change and transparent leadership. This campaign transcends the recall of one individual; it’s about amplifying our collective voice, demanding fairness, and pursuing governance that truly reflects Racine County’s values and needs.

Announcement of Concurrent Recall Efforts

In our pursuit of accountability and representation, we wish to clarify that our efforts to recall Robin ‘CCP’ Vos remain undeterred and more focused than ever. Contrary to any misunderstanding, the original petition for recall, which Vos has conceded has more than 6,300 in district and authentic signatures, has not been withdrawn. Recall Vos stands firm, awaiting a decisive court ruling concerning mapping issues and related challenges.

In an empowering response to the community’s call, a new effort spearheaded by the Racine Recall Committee has been launched. This concurrent petition drive is not a diversion but a reinforcement of our collective mission. It is a strategic endeavor to ensure that no voice from Racine County goes unheard.

Lessons Learned and Quality Assurance

Reflecting on our initial recall petition, it's clear that while our resolve was strong, the path was fraught with unexpected challenges. Learning from this, the Racine Recall Committee is committed to implementing stringent quality control measures. Our goal is to fortify the integrity of the recall process, ensuring that each step we take is marked by precision, transparency, and trust.

A Positive Outlook and Cooperative Spirit

It's imperative that our collective attitude remains positive, focusing on the synergies between the two recall efforts. Together, they form a comprehensive strategy, adaptable to the forthcoming Wisconsin Supreme Court's ruling. This unified approach exemplifies our adaptability and commitment to the cause.

Gratitude and Forward Momentum

To every supporter, volunteer, and advocate, your energy and commitment fuel this movement. Your belief in our cause has been the cornerstone of our efforts, and as we progress, your continued support is invaluable.

Let us move forward, not as separate factions, but as a united front dedicated to the betterment of Racine County. Together, we will navigate the complexities of this journey, inspired by our shared vision for a transparent, accountable, and representative governance.

Together, we make the voices of Racine County resonate louder and clearer.
