Patti Granger Announces Run for 13th District Assembly Seat

Wauwatosa, WI – Patti Granger of Wauwatosa announced today she will run in the Republican Primary for State Assembly in the newly formed 13th District, which covers part of Wauwatosa, Brookfield, and Elm Grove. The primary for state elected offices will be held in August with the general election in November. She released the following statement:

“Because I’m just like you!”

- ✓ I work full time
- ✓ I buy gas and groceries
- ✓ I pay the utility bills
- ✓ I vote

And maybe like some of you...

- ✓ I have a mortgage bill I pay
- ✓ I pay my student loans
- ✓ I am an only parent to 2 boys (I adopted my boys on my own. My oldest is from Mongolia and my youngest is from China)
- ✓ I am dog mom to 2 Boston Terriers

“Now that we finally have our new District 13, there are Republicans in it and a lot of Independents that vote Republican as well. I’m confident for many reasons but I’m (we’re) going to put in the work to win the primary in August and then the District in November for WI Together.”

How did her run start? A few years ago, a neighbor, who walked by her house almost every night asking her “So, when are you running?” planted the seed for her to run for State Assembly. And now, here we are!

“We need to bring conservatism into the 21st century. This means being a logical thinker. Setting aside your feelings, sometimes having tough love, and understanding how trendy social agendas can have long lasting negative impacts on a community. While keeping the Republican base, I’m also here to inspire and encourage a new generation. I feel if people ages 18-30 can see my boys and me, know what we stand for, then maybe they might get inspired and want to be part of the GOP, join the conservative movement and vote for me too.” Why? “Because I’m just like you.”

Patti graduated from the Milwaukee School of Art and Design with a B.F.A in Sculpture. After adopting her first son, she returned to school earning an M.B.A from Mount Mary University. She took 36 straight classes and graduated with a 4.0 GPA. It was here she found her passion for Improving Processes, Lean, Six Sigma, and Continuous Improvement. She now works full time doing just that for a fortune 500 company in Milwaukee, WI. She went on to become her company’s first ever female Six Sigma Master Black Belt (MBB) and is now of 1 of 7 MBB for her company worldwide. If elected, Patti will continue to work her full-time position while representing the District 13 in the State Assembly position.
