PIWOWARCZYK CONDEMNS SHAM TRUMP VERDICT; CALLS ON ALL AMERICANS TO UNITE BEHIND TRUMP

Town of Erin – Wisconsin 98th Assembly candidate Jim Piwowarczyk condemned the sham guilty verdicts against President Donald Trump in the strongest terms Thursday and called on all Americans to unite behind Trump.

“I will crawl through shattered glass to vote for Trump,” said Piwowarczyk, a former law enforcement officer who is running as a Republican in the legislative race. “Democrats have outrageously and disgracefully weaponized the justice system, severely damaging the fundamental principles of our society. This sham trial should have never gone forward. From beginning to end, this show trial was a travesty of justice.”

Piwowarczyk said conservatives must rally behind Trump and help defeat Joe Biden at the ballot box to send the strongest message possible. “I never thought I would see the day that Democrats would try to jail their leading political opponent, but here we are,” he said.

“I’ve donated to the Trump campaign for president. I encourage all Americans to give what they can,” Piwowarczyk said.

Piwowarczyk, who was a police officer and sergeant for almost 20 years, is the co-founder of Wisconsin Right Now.com, Wisconsin’s leading conservative news site. He is also a real-estate broker. He is the only candidate in the 98th Assembly race to have submitted nomination signatures. There is no incumbent. The district includes Hartford, Richfield, the Town of Erin, Merton, Sussex, and Lisbon.
