Scott Harbridge Urges Community to Support a New Election After Ballot Error in Summit Township, Douglas County, WI

Sawyer County, WI – Scott Harbridge, Republican candidate for the 74th Assembly District, is calling on everyone who values our free election process and constitutional republic to join him in demanding a new election after a serious ballot mistake in Summit Township, Douglas County. This mistake denied voters the opportunity to support a Republican candidate for the 74th Assembly District, instead listing two Democrat candidates on the ballot.

“This is a crucial moment for our district,” said Harbridge. “The right to vote for the candidate of your choice is at the core of our free election process. When that right is compromised, we must take action. I’m urging everyone who believes in our free election process and the principles of our constitutional republic to stand with me in calling for a new election. We need to ensure that every vote counts and every voice is heard.”

Harbridge emphasized the importance of community support in this effort. “This isn’t just about one candidate; it’s about protecting the rights of all citizens. If we allow this mistake to stand, it sets a dangerous precedent. We live in a constitutional republic where the government should reflect the will of the people, but that only happens when the integrity of our free election process is upheld. I need your support to make sure we correct this mistake.”

He also called for the resignation of County Clerk Kaci Jo Lundgren, whose oversight led to this error. “We must hold those responsible accountable. This mistake has damaged the trust people have in our election process, and that trust must be restored.”

Harbridge is urging everyone to speak out, contact their local officials, and spread the word about the need for a new election. “Together, we can ensure that the principles of our constitutional republic are upheld and that the people of Summit Township and the entire 74th Assembly District get the fair and free election that We the People deserve.”
