**Representative Patrick Snyder Silent on Mayor Diny's Improper Tampering of
City of Wausau Absentee Drop Box**

WAUSAU, WI - The Yee for WI campaign calls on Representative Patrick Snyder to denounce Mayor Diny's improper interference of an election and overreach of authority by moving an absentee ballot box.

"This act by Mayor Diny goes against the rules we have in a democracy where voters should be able to cast their vote freely and in an accessible manner" said Xiong. "I join local leaders like City Council President Rasmussen in calling out this act and demand that the ballot box be returned to its proper location."

In the 2024 City of Wausau Mayoral election, Representative Snyder contributed to Mayor Diny's campaign (Badger Project, 2024). Representative Snyder has not provided comment on this violation of public trust by Mayor Diny and his silence is in line with his track record of not standing up for the best interests of the 85th Assembly District. Representative Snyder's silence suggests that he is in favor of this undemocratic act. The Yee for WI campaign calls on Representative Snyder to join us in denouncing Mayor Diny's actions.
