

November 11, 2024

Dear Colleagues,

First and foremost, congratulations to each and every one of you on your election or reelection to the State Assembly! I am excited to work with each of you this upcoming session.

I feel grateful for the opportunity to continue serving alongside such a committed and passionate group of individuals. **I am running for the Minority Caucus Sergeant at Arms, and kindly ask for your support.** I am excited about what lies ahead for our caucus and the people of Wisconsin.

As an experienced member of the Assembly, I understand the challenges we face and the goals we share. Having once served in a safe district, I now recognize the unique challenges of representing a targeted district. I bring valuable experience from the Chippewa Valley region, representing rural Wisconsin, which adds an important perspective to our caucus. I am dedicated to advancing our shared mission and supporting each of you as we strengthen our team.

This is a pivotal moment for our caucus. We have made progress defending rights, protecting elections, and investing in our communities. These successes define the resilience and commitment of our democratic caucus. But our work is far from done, and I am eager to help us build on these achievements.

If elected, I will focus on fostering collaboration. I will ensure every voice is heard. Our strength is in our unity, and I will support each of you in our work for Wisconsin. I also promise to not steal your fries when delivering lunch. But, as my dear colleague Rep. Chris Sinicki taught me, “when you deliver lunch in caucus, you can sneak a handful of fries without anyone noticing.”

It is a privilege to serve with such talented colleagues. I am eager to help us make progress for our constituents. I ask for your support to serve as the Minority Caucus Sergeant at Arms.

I am always available to discuss my candidacy or our shared path forward. Together, we can lead, fight for progress, and deliver on our promises.
