

Press Release: DRW prevails in complaint alleging HAVA violation

For Immediate Release: November 1, 2024

Contact: Lisa Hassenstab, Public Policy Manager, Disability Rights Wisconsin,
lisah@drwi.org, (608) 308-2639

Disability Rights Wisconsin applauds the decision made today by the Wisconsin Elections Commission (WEC) to direct the Town of Thornapple to adhere to the law by providing a HAVA-compliant accessible voting system in all future elections, including next Tuesday, November 5, and provide certification to WEC for each election through 2026 that an accessible voting system has been publicly tested and will be in use for each of those elections. The law is clear: an accessible voting system is required at every polling place in the United States.

All voters, including voters with disabilities, must be able to cast their ballot privately and independently. Voters with disabilities who have questions about the electoral process or their voting rights, or who encounter challenges during the voting process, are encouraged to contact the Disability Rights Wisconsin Voter Hotline at 844-DIS-VOTE (844-347-8683) or info@disabilityvote.org.

Organization Information

Disability Rights Wisconsin (DRW) is a private non-profit organization that protects the rights of people with disabilities statewide. As Wisconsin's recognized Protection & Advocacy Organization, DRW is legislatively mandated to provide services to voters with disabilities and ensure individuals with disabilities can participate in every step of the voting process.
