Robin Vos doesn't deserve reelection when state reps vote for their next speaker on January 6, 2025. The reasons for the **People's Representatives** to end Vos' record reign are numerous.

**Vos' Backroom Deals:** Vos pushed secretive projects like Foxconn and Eli Lilly (Pfizer) without prior public notification and public input.

**Vos Blocked Key Legislation:** Vos kept bills in committees to bury them, such as the bills to impeach Meagan Wolfe and stop China from buying Wisconsin farmland.

**Vos' Foreign Ties:** Vos' connections to SLLF, NCSL and Chinese People's Association for Friendship with Foreign Countries hurts Wisconsin and supports China's interests. Learn more at [BoundtotheDragon.com](http://BoundtotheDragon.com).

**Vos' Pay-to-Play Politics:** Vos prioritized Rank Choice Voting legislation after proponents of the bill donated over \$1,000,000 in campaign contributions. Compare this RCV bill to Vos' Blocked Key Legislation above.

**Vos' Divisive Tactics:** Vos' PACs spent over \$1,000,000 on negative ads to attack fellow Republicans. Vos' leadership divides Republicans and erodes party loyalty.

**Vos' Legal Challenges:** Vos is the defendant in two lawsuits that allege Vos and his fellow legislators' commissioner appointments to the Wisconsin Elections and Ethics Commissions are unconstitutional.

**Vos is a Never Trumper:** Vos said on radio and TV he would not support Donald J. Trump for president in 2024. Vos despises Trump because Trump contributed PAC money to and endorsed one of Vos' opponents.

Vos' leadership puts our state's safety and security at risk. His dictatorial management style jeopardizes the future of the Wisconsin Republican Party and repels voters.

A handful of Republican state reps still have the leverage to remove Vos if they refuse to let Vos buy their votes with committee assignments and pork barrel legislation. Let your voice be heard!

**Contact your state rep TODAY** and demand he or she vote against Robin Vos for Speaker of the Assembly. 12 years of Robin Vos as speaker is long enough. It's time for new leadership.
