

Never Out of the Fight PAC is inspired by the Navy SEAL Team code, “I am never out of the fight.” We believe Wisconsin has an amazing future: a manufacturing renaissance, great schools, strong families, and law and order. But Democrats and career bureaucrats in Madison have been failing us for too long. Never Out of the Fight PAC is dedicated to advancing conservative policy solutions and helping Republican candidates get back to winning. We are passionate about the growth opportunity for Wisconsin with the manufacturing reindustrialization in the U.S. and President Trump’s crackdown on China.

We believe in the dignity of work and that investing in people – not government – creates value and leads to higher wages and economic prosperity. We believe in manufacturing things in America, not China. We believe boys are boys, girls are girls, and parents should have a say in their child’s education. We believe in restoring conservative values and common sense.

Only two Republicans have won statewide in Wisconsin in the past decade: President Donald Trump and Senator Ron Johnson. Never Out of the Fight PAC has assembled a team that contributed to those wins and is building a well-funded, military-like operation that will advance conservative causes and WIN the general election in November for Republicans up and down the ballot. Wisconsin Republicans have been losing elections for too long, and that ends in 2026.

BILL BERRIEN, CHAIRMAN

Navy SEAL, manufacturer, and conservative Wisconsin community leader

- Nine years in the SEAL Teams, including Army Ranger School and the SEAL Sniper Course
- Served on the leadership teams at GE Healthcare, Liberty Dialysis, and Artisan Partners
- Currently the CEO of Pindel Global Precision and Liberty Precision in New Berlin, Wisconsin, a contract manufacturer of precision machined components to customers globally
- Southeast Wisconsin community leader, including 12 years of volunteer-parent-coaching his two sons in youth and high school lacrosse and serving on the boards of multiple charities
- Member of the North Shore Republican Club and the Milwaukee County Republican Party and has been engaged in conservative Republican politics for over 20 years
- Graduate of Princeton and Harvard Business School
- Lives in Whitefish Bay with his wife Betsie; they are the proud parents of Grace, Will, and Joe

Bill believes that Never Out of the Fight PAC is necessary to advance a winning conservative agenda in 2026 and beyond.
