

Reclaim Wisconsin Launches Independent Expenditure Committee to Support Josh Schoemann for Governor, Raising \$200k

For Immediate Release: July 11, 2025

[Madison, WI] – Today, Reclaim Wisconsin proudly announced the formation of an independent expenditure committee dedicated to supporting Josh Schoemann’s bid for Governor of Wisconsin. This critical milestone reflects strong momentum behind Josh’s proven leadership and bold vision for our state. The committee was formally created on June 24th.

“Wisconsin needs neighbors, not career politicians,” said Brian Dumas of Reclaim Wisconsin. “Josh has already delivered on cutting taxes, streamlining government, and revitalizing local communities. We’re launching this committee to help bring that same leadership to the Governor’s office.”

The committee will leverage its resources to elevate Josh’s profile, promote key issues, and help ensure voters across Wisconsin hear why Josh is the clear choice for Governor.

In just six days leading up to the end of the filing period, Reclaim Wisconsin, Inc. raised \$200,000, further proof that Josh’s message is resonating across the state. These funds will be reported in the upcoming July 15th mandatory filing.

About Reclaim Wisconsin

Reclaim Wisconsin is an independent expenditure committee solely focused on supporting Josh Schoemann’s bid for Governor. The committee operates separately and independently from the candidate’s campaign, leveraging grassroots energy and early fundraising success to maximize impact across Wisconsin.
