Assembly Democrats Post Largest Off-Year Fundraising Numbers

MADISON, Wis. - Ahead of filing their 2025 finance report, the Assembly Democratic Campaign Committee announces their highest off-year fundraising numbers ever, reporting over \$1.44 million dollars raised during the reporting period and \$1.78 million dollars raised in 2025. Democratic Leader Greta Neubauer released the following statement:

"A Democratic trifecta is within reach, and people across Wisconsin are energized and ready to help flip the Assembly. Our historic fundraising numbers show that voters are fed up with the partisan games from Legislative Republicans and ready for change. Thanks to our supporters, we are already making historic investments into our program, hiring on-the-ground staff, and investing in our incumbents' campaigns to set Democrats up for success this year. We are ready to support our candidates across Wisconsin as we work to win a Democratic Assembly majority for the first time in over 15 years."

###

The Assembly Democratic Campaign Committee (ADCC) is the logistical hub for both incumbent Democratic members of the Assembly and prospective candidates. The ADCC's resources are used exclusively to assist Assembly candidates and their campaign organizations. For more information, please visit <https://www.assemblydemocrats.com/>.
