State Rep. Bob Donovan Announces Reelection Campaign for Assembly

Greenfield, WI – Today, State Representative Bob Donovan (R-Greenfield) formally announced his intent to run for reelection to the Wisconsin State Assembly to continue representing the 61st District.

“Milwaukee County needs a strong advocate in Madison who delivers real results on the issues that matter most, including public safety and common-sense relief for hardworking families,” said Rep. Donovan. “Over the past session, I have fought tirelessly to protect our communities by securing critical resources for Milwaukee County’s public safety, passing tough new laws to tow reckless drivers off our streets, and pushing for an end to the outdated and burdensome vehicle emissions testing program that has taxed southeast Wisconsin drivers for far too long.”

“From my time on the Milwaukee Common Council to my service in the Assembly, I appreciate the privilege to serve hardworking Wisconsinites in southwest Milwaukee County,” Donovan stated. “I would like the opportunity to continue to serve the 61st Assembly District and deliver on many of the projects we started. Most importantly, I want to work toward a state government that continues to work for the people and one they can be proud of.”
