

Press Release:

Website: <https://henryjohnson4wi.squarespace.com/>

Hello, my name is Henry Johnson. I am a student at the University of Wisconsin–Madison, pursuing a degree in Legal Studies with a certificate in Criminal Justice. I am a graduate of Abundant Life Christian School in Madison, and I am running for the 78<sup>th</sup> Assembly District in Wisconsin, which includes north McFarland, south and east Madison, and Monona.

For my campaign, I want to focus on four main things:

- Lower Property Taxes
  - Wisconsin ranks in the upper 20% of property taxes by state. This has to change. I am going to lower property taxes so that Wisconsinites can afford to live in their dream homes and homes that have been in their family for generations.
- Affordability
  - Prices these days are too high. I want to lower prices through increasing the supply of energy and giving tax breaks to Wisconsin families in District 78. I also most importantly want to get rid of the state income tax.
- Better Wisconsin Schools
  - We need to make sure young Wisconsinites can read. It is unacceptable to have such an educated metropolitan area and poor student achievement. We NEED to adopt a Wisconsin miracle to change the state from the inside out.
- Public Safety
  - Safety is the expectation. We need to make sure that local police can enforce laws to keep those in Dane County safe. An emphasis on safety will help every resident in Dane County.

I want to provide a Wisconsin that is affordable, safe, educated, and flourishing. VOTE HENRY JOHNSON to elect a future for Wisconsin. I am a young man that wants to change Wisconsin for the better, so that I can raise my future family in a wonderful Wisconsin and help the state that has given me so much.
