Senator Patrick Testin Statement on Congressman Tiffany

MADISON, Wis. - Senator Patrick Testin (R-Stevens Point), leader of the Committee to Elect a Republican Senate (CERS), released the following statement after Congressman Tiffany and pilot survive tragic plane incident.

“I, along with my colleagues in the Senate Republican Caucus and our Republican candidates for State Senate, am grateful that Congressman Tiffany and the pilot are safe following the emergency they faced last night. The pilot’s skill and composure in safely navigating the situation are truly remarkable.

“We are incredibly grateful to the Wausau Fire Department, our first responders and the healthcare providers at Aspirus Hospital in Wausau who cared for both Congressman Tiffany and the pilot.

“This is another reminder of what makes Wisconsin so great: the skill, dedication, and compassion of the hardworking men and women who step up when their neighbors need them most. We are grateful to everyone who responded and helped bring the pilot and Congressman Tiffany to safety.”
