Youth Advocacy Day Inspires Wisconsin's Next Generation at the State Capitol

Madison, WI – April 9, 2026 – State Representative Sequanna Taylor is proud to host *Youth Advocacy Day* on April 9 at the Wisconsin State Capitol, an event designed to inspire, educate, and empower young people from Milwaukee, Madison and surrounding areas.

Youth Advocacy Day will provide participants with worthwhile exposure to the State Capitol, state government, public service, skilled trades, and a wide range of career and community opportunities. The event aims to help shape and develop the next generation of leaders in Wisconsin.

Attendees will take part in a mock Assembly session, offering a hands-on experience of how state government operates. In addition, a resource fair will feature organizations providing information on education, employment, internships, mentoring, workforce development, and other youth-focused services.

Special thanks are extended to UW–Milwaukee, Employ Milwaukee, Local IBEW, the Milwaukee Area Labor Council Unions, and all participating vendors, facilitators, and youth groups for their support and investment in this important opportunity. Their involvement ensures that young people have direct access to guidance, inspiration, and pathways to success.

District 7 Alderman Diandre Jackson will lead a workshop focused on skilled trades. Additional sessions, facilitated by community partners, will highlight civic engagement, leadership development, and ways young people can make a meaningful impact in their communities.

The day will conclude with lunch and a celebration of participants' learning experiences.

While Youth Advocacy Day is an invite-only event, it underscores the importance of connecting young people with government, career pathways, and community resources to broaden their horizons and open doors for future success.
